

**INTERIOR TRIM LEVELS: VNM/VHD**

# OVERVIEW

Volvo has redesigned our interiors to provide the industry's best driving environment.

The VNM and VHD Series are offered in three interior trim levels, each with a multitude of color and material options. All three levels provide a comfortable work environment that can withstand the most demanding applications.

## CHOICE

Our most popular interior, Choice is our standard trim level and provides dark or light interior options with Choice Vinyl seats in Lennox Ivory or Espresso Brown.

## RALLY

The Rally interior is our mid-level option. It offers design touches like Dark Zebrano accents and our rugged Rally Fabric on the seats and wall panels.

## TOURING

The Touring interior is our premium trim level for both VNM and VHD models. It features eye catching Light Barcelona accents on the dash, door and cabinets. Seats and interior panels are covered with Volvo's exclusive Touring Fabric.

Volvo offers additional premium seating options in Wheat Modura, Dark Brown Cordura and Leather, depending on your trim level.
