*Standard Equipment Shown

SUPERIOR QUALITY

One-piece aluminum roof with self-leveling adhesive that stays pliable and does not dry out.

8" tall padded breast doors with hands-free slam latches on straight loads.

Stall dividers are made from one-piece rounded aluminum tube with safe and smooth corners.

All ramp and tail doors feature a ramp hinge cover that makes loading much safer and keeps springs clean.

Slant loads feature 60/40 rear doors, collapsible, removable rear tack wall and a detachable saddletree.

Optional slide-out rooms are constructed using heavy-duty, all aluminum tube and features a window at each end.

Large drop down windows with bars and center latches keeps horses safe and cool during travel. (slant loads)

Aluminum floor that is so strong, it can easily support the weight of a truck.

Support strips on the optional extruded side metal prevents welding marks and promotes stronger walls.

Keeping both weight and strength in mind, Alumastar's construction includes aluminum frame, sidewalls, one-piece roof, extruded aluminum floor, tubular roof bows and rear hoop. Alumastar provides lightweight towing and superior construction.

UNMATCHED COMFORT

Merhow has led the way in horse trailer manufacturing for over 50 years, acquiring unmatched experience that translates into superior quality and lasting value.

We invite you to be a part of our tradition and join thousands of horse owners who say, **“Once you’ve owned a Merhow, you won’t pull anything else.”**

The Merhow commitment to quality begins on the engineers’ drawing boards. Every trailer produced is built to offer the highest degree of comfort, convenience, safety, and performance, thereby giving you the peace-of-mind knowing you have purchased the benchmark of trailer craftsmanship.

Unmatched interior craftsmanship means comfort and convenience for years and years of enjoyment.
