1600 SERIES

25.9-38.7 HORSEPOWER

OUTSTANDING PERFORMANCE. GREAT VALUE.

1600 series tractors give you the best of both worlds. Optimal for light- to medium-application labor, these premium compact utility vehicles offer both a small footprint and a competitive lift capacity, along with deluxe features designed to keep you comfortable.

WORK CONFIDENTLY IN ANY CONDITION

ENGINE ›

This 3- or 4-cylinder low RPM engine offers a longer life span, less fuel consumption, and a quieter, smoother ride.

TRANSMISSION ›

Whatever your transmission preference, the 1600 series gives you what you want. Choose between either 8F/8R synchro shuttle or 3-range HST.

BATTERY POWER ›

Don't let the weather stop you ever again. 1600 series tractors come standard with the highest cold cranking amps in its class, allowing for your battery to start in even the coldest conditions.

WEIGHT ›

The 1600's heavy operating weight means better traction, stability, and safety.

LIFT CAPACITY ›

With both the highest 3-point lift capacity (rear) and the highest loader lift capacity (front) in their class, 1600 series tractors help you work faster and more efficiently.

COMFORT ›

With Mahindra's own mComfort Seat™, offering extra cushion with foldable armrests and retractable belt, you'll have the ergonomic support you need to work comfortably until the job is done.

Ideal Uses: Specialty / Hobby Farming | Rural Lifestyle
Equine | Home | Grounds Maintenance / Municipal

KEY ADVANTAGES

1635 HST CAB

MORE BATTERY POWER

Ideal for snow work if packaged with Mahindra's wide range of snow removal implements.

COMFORT & CONVENIENCE

Enjoy a tractor with the comfort to make the long days easier. Cup-holder, easily accessible 12V socket, mounted toolbox, and Mahindra's own extra-cushioned mComfort seat come standard.

EXTENDABLE FLEX LINKS

All 1600 series tractors have available extendable flex links (standard on 1635 & 1640) to adjust the 3-point and easily mount any implement.

1600SERIES

NO DIESEL PARTICULATE FILTER

Eliminate lost time, high maintenance costs, and unnecessary frustration with Mahindra's innovative mCRD Engine.

LARGE FUEL TANK

7.1 or 7.7-gallon fuel tank capacity (depending on model) allows for extended use between fill-ups.

EASY MAINTENANCE

Lift-up hood and side panels allows for easy access to battery, air filter, and fuel tank. Servicing your vehicle is as easy pushing a button.
